AUTHORIZED TO DRIVE

A study of the short-term traffic safety effects of California’s Assembly Bill 60 (AB60)

Providing driver’s licenses to unauthorized immigrants in California improves traffic safety

605,000 DRIVER’S LICENSES
issued under the AB60 program in 2015

THE IMPACT OF CALIFORNIA AB60

What did this mean for California drivers in 2015?

- 4,000 hit & run accidents prevented
- $3.5 million out-of-pocket expenses saved
- $17 million costs transferred to at-fault drivers’ insurance

These estimates are from a study conducted by researchers at the Immigration Policy Lab. The study is published in the Proceedings of the National Academy of Sciences.
